Manufacturing Quality Products For More Than 60 Years

> Coast-to-coast availability through authorized distributors
> Off-the-shelf solutions for plant maintenance & production problems
> Private labeling for Camie® or custom formulas

CLEANERS & DEGREASERS

20/20 GLASS CLEANER
- Non-streaking, leaves no residue
- Does not contain ammonia
- Excellent all-purpose hard surface cleaner

22/60 CONTACT CLEANER
- Quick and easy cleaning compound
- Useful for cleaning contacts, tuners, switches, motors, and other equipment where it is not possible to go through a mechanical wiping

22/80 CITRUS CLEANER
- Use as a degreaser and adhesive remover
- Non-corrosive and has pleasant citrus scent

22/80 CITRUS CLEANER - BULK
- Works to unlog screens and loosen plastisol inks on screens
- Works fast to reduce down-time on screen printing projects

22/90 HEAVY DUTY DEGREASER
- Non-corrosive • Rapid-evaporating, strong-action
- Strong, effective cleaner where build-up of grease, oil, grime, paint, adhesive and other unwanted substances are encountered

ADHESIVES

300 GENERAL PURPOSE SPRAY ADHESIVE
- All purpose, sticks to most surfaces and is essentially colorless
- Instant tack and high strength
- Sizes available: 20 oz can / 5 Gallon Pail / 55 Gallon Drum

303 HI PERFORMANCE FOAM & FABRIC SPRAY ADHESIVE
- Tinted orange, has unique web spray pattern
- Low soak-in on polyurethane foam
- Sizes available: 20 oz can / 5 Gallon Pail / 55 Gallon Drum

313 FAST TACK UPHOLSTERY ADHESIVE
- Develops tack (bond strength) immediately • Soft, flexible bond
- Has a web spray pattern that is clear, offers low soak-in and instant tack
- Sizes available: 20 oz can/t Gallon Pails / 5 Gallon Pail / 55 Gallon Drum

343 CONSTRUCTION ADHESIVE
- Tinted blue, easy to see
- Works well on almost all substrates common to the construction industry

363 HIGH STRENGTH FAST TACK SPRAY ADHESIVE
- Transparent, has low soak-in
- Web spray pattern
- Sizes available: 20 oz can / 5 Gallon Pail / 55 Gallon Drum

365 HI-BOND HIGH STRENGTH SPRAY ADHESIVE
- High temperature, contact-type adhesive
- Unusually high initial or green strength • 1-5 min. work time
- Specifically formulated to bond dissimilar substrates subjected to occasional thermal stress

373 HIGH PERFORMANCE ADHESIVE
- Colorless, pressure-sensitive, mist spray
- All purpose and has low soak-in
- Sizes available: 20 oz can / 5 Gallon Pail / 55 Gallon Drum

375 SCREEN PRINTERS’ FLASH CURE ADHESIVE
- Holds most textile products, including fleece garments
- Clear mist spray particularly suited to the rapid heat cycles in the flash cure process
- Sizes available: 20 oz can / 5 Gallon Pail / 55 Gallon Drum

380 SCREEN PRINTERS’ ADHESIVE
- Pressure-sensitive pallet adhesive that does not stain
- Quick tack, has low soak-in and will not wrinkle
- Excellent for making short-term bonds and releasing from the garment

385 WEBBING SCREEN PRINTERS’ ADHESIVE
- Pressure-sensitive
- Will not wrinkle
- Designed for fleece and other high density garments

393 HEADLINER, TRIM & LAMINATING ADHESIVE
- For all applications requiring high strength or high temperature
- 3-way valve, web-spray

200 SHELBY - GENERAL PURPOSE MIST SPRAY ADHESIVE
- Especially formulated to bond paper, cardboard, fabric, leather, foil, fiberglass to metal, wood, and a variety of other substrates
- Useful in the screen print, pool table and sewing industries

275 SHELBY - SCREEN PRINTERS FLASH CURE ADHESIVE
- Flash cure, clear mist spray
- Holds most textile products, including fleece garments and is a clear mist spray particularly suited for the rapid heat cycles in the flash cure process

277 SHELBY - HIGH PERFORMANCE MIST SPRAY ADHESIVE
- High-Performance, excellent for a variety of jobs
- Especially formulated to exhibit fast, aggressive tack with low soak-in for long lasting bonds, on such substrates as foam, cloth, felt, cardboard and paper

BULK

300B GENERAL PURPOSE ADHESIVE - BULK
- General Purpose Adhesive is especially formulated to bond paper, cardboard, fabric, leather, foil, fiberglass to metal, wood and a variety of other substrates

313B FAST TACK UPHOLSTERY ADHESIVE - BULK
- Natural or red tint — Bulk only
- Strong bond on foam, fabric, wood and some metals

323B FOAM & FABRIC ADHESIVE - BULK
- Natural or red tint — Bulk only
- Quick tack, strong bond, soft glue line

333B CONSTRUCTION ADHESIVE - BULK
- Formulated to bond polyethylene to itself, concrete block, wood, and many other hard-to-bond surfaces • Tinted blue

353B HIGH STRENGTH FAST TACK SPRAY ADHESIVE - BULK
- Fast Tacking • High Performance Web • For a wide variety of substrates such as Foam, Wood, Particle Board, Fiberglass, Cardboard, and Metal

363B HIGH STRENGTH FAST TACK SPRAY ADHESIVE - BULK
- Gray, Red or Clear • Especially formulated to exhibit fast, aggressive tack with low soak-in on long-lasting bonds, on such substrates as foam, cloth, felt, cardboard, and paper

393B HEADLINER, TRIM & LAMINATING ADHESIVE - BULK
- Clear or red tint — Bulk only
- Use where high strength/high temperature bonding is required
**RELEASE AGENTS**

**610 SILICONE RELEASE SPRAY**
- Most economical lubricant
- Colorless, non-staining liquid
- Prevents sticking in gluing, sealing and molding operations
- Mild, solvent when wet / odorless when dry
- Active ingredients comply with FDA regulations • NSF H2

**888 SILICONE RELEASE AGENT & LUBRICANT**
- 3% silicone • Dry spray pattern
- Effective parting agent for most plastic resins
- Leaves a colorless, tenacious dry film when applied
- Recommended for difficult release applications

**988 URETHANE RELEASE AGENT**
- Can be used for rigid polyurethanes, epoxies, polyesters, TPR and other thermosetting resins
- This silicone fluid/resin blend is useful as a release agent for all thermosetting resins, particularly urethanes and epoxies

**999 DRY SILICONE**
- 4% Dry, All-purpose lubricant
- A release agent/lubricant dispersed in solvent
- Its active ingredient complies with FDA regulations
- Eliminates squeaking and sticking in most applications

**A1000 DRY LUBRICANT RELEASE AGENT**
- A PTFE dispersion of white, waxy, low molecular weight polymer
- For high temperature compression molding
- Excellent lubricity and friction-free
- The film is chemically stable, insoluble in water and solvents, non-flammable and thermally stable

**100 HEAVY DUTY 6% SILICONE LUBRICANT AND RELEASE AGENT**
- Use on saw blades, zippers, conveyors
- Prevents build-up of ink, glue and paint
- High viscosity
- For general maintenance

**410 FOOD PROCESSORS SILICONE SPRAY LUBRICANT**
- Food grade, dry spray
- Can be used on heat sealers, conveyors, cutting blades, guide rails and wrapping equipment
- Reduces friction

**610 SILICONE SPRAY**
- Most economical lubricant • Colorless, non-staining liquid
- Prevents sticking in gluing, sealing and molding operations
- Mild, solvent when wet / odorless when dry
- Active ingredients comply with FDA regulations • NSF H2

**666 HEAVY DUTY FOOD PROCESSORS SILICONE GREASE LUBRICANT**
- Has a grease-like coating, clings to surfaces, reduces friction, and prevents sticking
- Heavy-duty food grade lubricant and is useful on overhead or vertical surfaces

**710 ECONOMY FOOD PROCESSORS SILICONE LUBRICANT**
- Heat stable, odorless and tasteless
- Can be used for all food processors and all packaging equipment to prevent sticking and reduce friction

**1080 PAINTABLE MOLD RELEASE**
- All purpose and paintable
- Universally accepted by injection, extrusion and compression molders
- Fast-evaporating

**1680 ECONOMY SILICONE MOLD RELEASE AGENT**
- For injection, RIM, rotational molders, extruders, and vacuum formers
- Can be used with all common resins
- Economy grade universal silicone release agent
- For use on all plastic and rubber molding

**BULK**

**508 SILICONE RELEASE AGENT - BULK**
- A lubricant dispersed in a slow evaporating solvent
- Economy lubricant, recommended for the upholstery trade

**999B DRY SILICONE - BULK**
- A release agent/lubricant dispersed in solvent
- Its active ingredient complies with FDA regulations
- This product can be used as a lubricant for certain applications

**1008 TYPE II DRY PTFE LUBRICANT AND RELEASE AGENT - BULK**
- White, tetrafluoroethylene telomer dispersion
- Imparts fine, dry film
- Produces a slick, friction-free surface with excellent lubricity and antistatic properties

**1294B AQUASIL WATER-BASED SILICONE LUBRICANT - BULK**
- Easily diluted with water, economical
- Intended primarily for use as a mold release or parting agent for a broad spectrum of applications

**SILICONE LUBRICANTS**

**1680 ECONOMY SILICONE MOLD RELEASE AGENT**
- For injection, RIM, rotational molders, extruders, and vacuum formers
- Can be used with all common resins
- Economy grade universal silicone release agent

**1080 PAINTABLE MOLD RELEASE**
- All purpose and paintable
- Universally accepted by injection, extrusion and compression molders
- Fast-evaporating

**1294B AQUASIL WATER-BASED SILICONE LUBRICANT - BULK**
- Easily diluted with water, economical
- Intended primarily for use as a mold release or parting agent for a broad spectrum of applications

Private label formulations are an extensive part of our business. We address every aspect of research and development, production, quality control, packaging and labeling to ensure regulatory compliance. Our goal is customer satisfaction. Please contact us for consultation or quotation.

All sales are strictly limited to the terms and conditions found on Camie-Campbell, Inc.’s acknowledgment, including a limited warranty and limitations on Camie-Campbell, Inc.’s liabilities and buyer’s remedies.

All orders are subject to acceptance by Camie-Campbell, Inc. at its executive offices currently located at 1005 S. Westgate Ave., Addison, IL 60101. Write or call 800-325-9572 for current pricing, terms and conditions of sale and the name of your local distributor.

Certain Camie-Campbell aerosol and bulk adhesives are not recommended for unsupported vinyl. Certain plastic and elastomeric substrates can exhibit bond failure due to plasticizer migration. Combinations of high temperature and humidity can promote bond failure.

Many Camie-Campbell products are available in bulk containers. Call for further information.

All aerosol products are packaged and priced 12 cans per case

Camie-Campbell, Inc. is environmentally conscious and prides itself in being at the forefront of compliance with current governmental regulatory guidelines. Our concern for the environment and worker safety is our highest priority.
